"The Busy Corner"

Yuletide headquarters for everything givable in the gift-giving line. The doings here this season are unparalleled in the history of our growth. This is a "Christmas-Store." Where all the taxing problems may be solved; where every penny will do its work surprisingly well, and every dollar will buy two dollars' worth of satisfaction--this page is filled with gifts which make suitable and pleasing presents for everybody. We cannot describe everything by name--we couldn't do it if we filled this entire paper--but we can give a few hints from each department which hinges on Yuletide presents. Do not forget that the store is packed with novelties of every description, especially suitable for holiday buying. Big boys and girls, little boys and girls, fathers, mothers, the "sisters, cousins and the aunts"--in fact, everybody shall and must share in this holiday stock.
